

## 3+1 CCTV CABLE

Lanzone offers 3+1 CCTV cables in four different models that includes copper and alloy braiding. These camera wires come with co axial cable for video signal and Power cable for electrical power supply.

The cables are designed in order to reduce the distortion and optimize the video quality.

Part Codes	LZ-C06180V.6
<b>DESCRIPTION</b>	<b>Lanzone 3+1,alloy braiding and video core of 0.60mm in 180 meters</b>
<b>Hook Up Core</b>	
<b>CONDUCTOR</b>	
Conductor Material	Annealed Bare Copper
No. of wire in Conductor	14
Size of strand Nominal (mm)	0.095
Annealing before stranding(minimum)%	9
<b>INSULATION</b>	
Dielectric material	HDPE
Colour	Red, Yellow &,Blue
Nominal Diameter (mm)	1.15
<b>Pick UP Core</b>	
<b>CONDUCTOR</b>	
Conductor Material	Annealed Bare Copper
No. of wire in Conductor	1
Size (mm)	0.60
Annealing before stranding min.%	18
<b>1st INSULATION LDPE</b>	
Dielectric material	LDPE
Nominal Diameter over (mm)	1.63
Colour	Natural White
<b>BRAIDING Over LDPE Insulation</b>	
Type of Braiding Material	Aluminium alloy braiding
No.of wire in braiding (No./mm)	48/.110
Polyester tape (mm)	6 x 0.020 mm
<b>2nd INSULATION PVC</b>	
Dielectric material	PVC Type A
Radial thickness Nom. (mm)	0.20
Colour	Black

## 3+1 CCTV CABLE

Nominal Diameter (mm)	2.50
<b>Laying UP</b>	3+1
Tapping	Polyester tape
<b>OVERALL OUTER SHEATH</b>	
Material	Extruded PVC Type ST-1
Thickness (mm)	0.70
Colour	White
Outer Sheath Diameter (Approx in mm)	5.50
Length of Coil (mtr)	180
